GINEER NAMED

E. Drummond Is in Charge.

Place Two Constructing arties in Field North From Garland.

Driver Crosses the Snake on nidoka Line and Tracklaying oon to Begin South River.

Drummond has been appointed as engineer of the Oregon Short Line s been placed in charge of the work istruction of the Malad Valley which was commenced Monday Mr. Drummond is an experienced jeting engineer, and it goes withying that the new line will be well He will have two parties in the nd as the line is over thirty miles at the start be and his staff will plenty of work during the summer-its continue to move to Garland, and i ten days the work will be in full

orts received at Chief Engineer on's office show that the pile-driver rossed the river in the work of driving piles in the Snake for the bridge an the stream at that point on the loka & Southwestern. This is quick and as the laying of trusses and details will not take so very long, the but a very short time when the can be crossed by construction and the work of tracklaying to Falis City resumed.

OK TO AGRICULTURALISTS.

ghted Plan of Development on Harriman Lines.

all the talk of new lines to mining It has been demonstrated by past that the Harriman lines pay more on to the agricultural development figuring on actual construction. The that in many cases the value of a that in many cases the value of a into a mining camp is high only the boom lasts, but every mile of d into a region to be reclaimed or d will show gradual development lid up a thriving section tributary is evidenced by the two lines unde

ction at Salt Lake's door, the Ma-Minidoka lines, both of which will Minidoka lines, both of which will on the products of the soil for timate success. The Hazen cut-off o penetrate the region to be entry the Government's irrigation at Carson, and other branches if will cross present deserts which will blossom with alfalfs, hing like a dozen great projects aiming the land of the West are ous to the lines of the Harriman and the road will reach all sections when conditions warrant tions when conditions warrant

way the whole of the arid

does not mean that mineral de ment will be neglected, as the great ral centers are reached by this road its competitors, but a mining region ave to prove its worth and stability an expensive line of railroad shall lit to it.

JUDGE CORNISH HERE.

President of Harriman System Visits Local Offices.

President W. D. Cornish of the ian system is in the city and will a day or two going over importtters with Vice-President Bauever, but stated that there was ng new to give out, as the matters ading his attention were those which already been officially announced, a Cornish met at the Knutsford Mrs. sh, who has been passing the winter a sister in California

Gould controls the Sait Lake Route. For such a mistake to appear in such a paper is caus-ing great conjecture among railroad men. W. H. Moran of the Sait Lake line is up

Mr. Stohr and Mr. Reeves went out to the alt works yesterday. The Sait Lake Route will operate a big assiball excursion to Eureka on Sunday. P. P. Hitchcock, who unfuris the flag at benver, is here in the interest of the Wabash. The Bonita club went to Apoilo hall at tunctican Fork over the Salt Lake Route last

H. B. Taylor, who is well known and like here, is with Judge Cornish on his trip. Mr Taylor was formerly located at Omaha.

The Sanitarium Hair-Dressing Par-ors. Open evenings and Sundays.

Good Friday, social life is practically at a standstill, but following Easter there will be a perceptible brightening, and already there are several events on the so-

Complimentary to Miss Starling will be luncheon Saturday by Mrs. Ledyard M.

Much interest is being shown by local society in the Froebel day Saturday by the kindergarten workers of the State. Mr. and Mrs. A E. Welby have gone to California for a short visit.

Miss Marguerite Taylor entertains to-lay complimentary to Miss Cullen.

Mrs. C. Bohn and Mrs. Charles Miller of La Crosse, Wis., are visiting Mrs. George E. Forrester of this city.

A caucus of the Ladles' Literary club members will be held tomorrow after-roon at the clubhouse, immediately after the meeting of the current events and current literature section.

The programme committee of the Reviewers' club is busy arranging the programme for 1965-66. The committee includes Mrs. Charles D. Moore Mrs. C. H. Blanchard, Mrs. H. G. Talbott, Mrs. David Evans, Mrs. E. A. Wedgewood, June 1 is the date set for the annual breakfast of the club, the committee on arrangements including Mrs. Charles D. Moore, Mrs. Ellen Elliott, Mrs. David Evans.

Miss Starling will arrive on Saturday, t, be the guest of Mrs. Igleheart. Early in May Miss Igleheart will arrive in the city for a visit with her Salt Lake rela-

Mr. and Mrs. Seton Lindsay will move to IIII Eleventh East about May I, where they will reside for the summer.

A very pretty remance of Idaho and A very pretty remance of Idaho and Missouri culminated in the wedding at St. Paul's yesterday of Miss Julia Anderson of Kansas City and Herbert Wing of Boise. The bride arrived from the big city on the Kaw early yesterday morning, and awaiting her was the groom, who had come down from Boise the night before. They drove to St. Paul's church where Rev. C. E. Perkins performed the ceremony, those present being Mrs. Rerkins, Mrs. George Hunting and Miss. Beatrice O'Connor. They will return to Boise at once to make their home, Mr. Wing being a business man of that city.

Mrs. F. A. Druehl is at home, after passing the winter at Pacific Grove.

Miss Rita Mayer of St. Paul is the guest of Miss Helen Bamberger.

The marriage of Miss Ida Hilton and Harry W. Bouton will take place this evening Thursday, April 29, at the home of her sister, Mrs. J. W. Keddington, 897 Second street

Mrs. William Job White entertained yesterday afternoom from 2 to 6 o'clock at her home in the Emery flats in honor of her mother, Mrs. Juliette Pratt, the occasion being the latters sixty-sixth birthday. Those who assisted in receiving were Mrs. Frank Larson Mrs. Richard Farrington, Mrs. Julius Fratt and Miss Neva Pratt. The parlor, music-room and dining-room were tastefully decorated with white carnations, ferns, lilies of the valley and smillax. Refreshments were served.

AGAINST SANITARIUMS.

Proper Use of Physical Agents Recommended for Tuberculosis.

ATLANTA, Ga., April 19.-The American Anti-Tuberculosis league decided today to hold its next annual meeting at El Paso, Tex., at a date to be selected later. Dr. R. E. Coniff of Sloux City, In., was elected president and Dr. Waiter N. Villas of El Paso, secretary.

The reading of papers was continued to-

Dr. J. A. Riviers of Paris, France, in his address, said: "The powerful physical agents, air, light, water, bent, electricity, movement, bzone, oxygen, X-rays and actinic rays are not only prophylactic means of the first order, but also, judi-ciously handled, they exert an indubitable curstive action in the disease when con-firmed.

curative action in the disease when confirmed.

"To attain the end in view, it is necessary to abandon the idea of the sanitarium, which places the patient in such defective moral surroundings that the benefit he might derive from the air and the light is diminished in a very considerable degree.

Divulgation of the rudiments of hygiene in the schools, workshops and all resorts of the people; establishment of a stricter and more regular control of the measures taken in this respect by the minicipalities or by the State with regard to these schools and workshops, regulations imposed in addition to secure greater breathing space and a wiser planning of dwellings and buildings in general were means recommended to comout tuberculosis.

Agents' Meeting Said to Be a Snap Affair

Charged That Alexander and Tarbell Designed It as Means of Ousting Hyde.

NEW YORK, April 19.-General agents of the Equitable life Assurance society met again today to discuss the society's met again today to discuss the society's affairs and the advisability of forming a Jermanent organization of the general agents for mutual support and protection. Before the meeting began the corridors of the Hotel Savoy were crowded with groups of agents discussing the overlight developments in the controversy, including the letter from James H. Hyde to James W. Alexander concerning checks for underwriting profits sent by Mr. Hyde to Mr. Alexander, the letter from Mr. Alexander to Chairman Frick of the investigating committee, and Mr. Alexander's reply to Mr. Hyde

Agents Are Excited.

Agents Are Excited.

The agents also talked over with considerable excitement a statement made by Henry H. Knowles, until a few days ago superintendent of the agencies of the Equitable, to the effect that the society's troubles had been caused by Mr. Alexander and Vice-President Tarbell in an effort to oust Mr. Hyde from the first vice-presidency and to have Mr. Tarbell succeed Mr. Alexander when the latter should retire from the presidency.

Declares It a Snap Affair. Mr. Knowles, who was suspended from his position on Monday last on the harge of insubordination after forty cars employment with the society, also isclared that the present meeting of general agents was a snap affair arranged in the interest of Messrs, Alexander and Farbell.

KING RECEIVES MORGAN.

Financier Is Most Cordially Treated by Italy's Monarch.

ROME, April 19.-King Victor Emmanuel today received in private audience J. Pierpont Morgan, who thanked the King warmly for the grand corden of Saints Maurice and Lazarus which he wore.

The King was most cordial in his manner toward Mr. Morgan, and made the American financier sit next to him. He expressed his personal gratification at the generous act of Mr. Morgan in returning to Acola the cope stolen from the cathedral there and sold to him by an unknown person. The conversation, which was carried on in English, lasted half an hour.

Later the King received United States Senator Nelson W. Aldrich of Rhode Island. gel today received in private audience J.

QUEEN OF ACTRESSES

Heartily Approves of Peruna For the Nerves.

IN a recent letter to The Peruna Medicine Co., Miss Julia Marlowe, of New York City, writes the following: a recent letter to The Peruna

****** "I am glad to write my indorse-\$ ment of the great remedy, Peruna, +as a nerve tonic. I do so most heartily."—Julia Marlowe.

Nervousness is very common among vomen. This condition is due to aneminerve centers. The nerve centers are the reservoirs of nervous vitality. These centers become bloodless for want of

proper nutrition.

This is especially true in the spring season. Every spring a host of invalids are produced as the direct result of work parties.

This can be easily obviated by using Peruna. Peruna strikes at the root of the difficulty by correcting the diges-

Digestion furnishes nutrition for the

nerve centers. Properly digested food furnishes these reservoirs of life with vitality which leads to strong, steady nerves and thus nourishes life. Peruna is in great favor among wo-men, especially those who have voca-tions that are trying to the nerves.

**************** * Buy a bottle of Peruna today. * If you do not receive all the benefits from Peruna that you expected, write to Dr. S. B. Hartman, Co-lumbus, Ohio. **************
